- Teacher Mentor / Student Tutor

WORK HISTORY

Science Teacher, Grades 9 - 12 August 2023 – present

Belleville West High School, Belleville, IL

Develops and delivers science lessons, manages classroom and lab activities, assesses student progress against desired outcomes, and maintains accurate student records. Responsible for creating innovative lesson plans that are aligned with District 201 and Illinois standards, managing student behavior, integrating technology, collaborating with colleagues, and communicating with parents.

- Taught five Biology I and Biology II courses each semester; provided innovative delivery of material through games, hands-on exercises and labs; solidified complex content for 357 high school students leading to retained learning—100% student outcomes met/exceeded.
- Trusted with supporting high needs students requiring Individualized Education Programs (IEP); developed tailored instruction and assessment for the unique education needs of 81 students—targeted intervention ensured >90% student success rates.
- Highly respected educator charged with leading high priority school initiatives; selected to serve as 1 of 10 Advancement Via Individual Determination (AVID) team members as well as leading and guiding the school's newly established Racial Equality Council consisting of 25 students. Engaged leadership imparted success-planning strategies for AVID students and ensured that the diverse study body's voices are heard and considered in the planning of school sponsored student activities and events.

Social Studies Teacher, Grades 6 – 8 August 2021 – July 2023

Mason-Clark Middle School, East St Louis, IL

Responsible for planning and delivering world history and world geography lessons, assessing student progress, managing the classroom, and collaborating with colleagues and parents to support student achievement. Aligned instruction with District 189 and Illinois standards, used differentiated instruction, complied with all policies and maintained a respectful and disciplined learning environment.

- Taught five World History and World Geography course each semester; developed new lessons plans that considered the special requirements of a high needs, low-income school district. Innovative approach brought stale curriculum to life and resonated with 412 middle school students. Student absence rates decreased each successive semester and were complimented by increased student engagement and better academic outcomes (underperforming to satisfactory).
- #1 of 30 assigned educators; selected as school's 'Teacher of the Month', an honor reserved for the educator making the highest contribution towards positive student outcomes. Spent hundreds of hours before and after class, on weekends and at school-sponsored events building relationships with students that are often misunderstood. Established trust and mutual respect with both students and parents, laying the foundation for student engagement, collaboration and effort.

Substitute Teacher, Grades 9 – 12 August 2019 – May 2021

Belleville East High School, Belleville, IL

Supervised students and carried out lesson plans during the absence of assigned teacher. Duties included maintaining a safe learning environment, following classroom and school procedures, and ensuring student learning continues as dictated by the permanently assigned teacher.

- Provided instructional coverage for 16 different teachers and delivered lessons to an average class size of 22 students. Upheld classroom routines to support established student environments and guaranteed on-track progress on behalf of permanently assigned teacher.
- Garnered professional reputation for excellent curriculum delivery skills and student engagement; maintained motivating classroom environment conducive to learning and collaboration—invited back for second year substitute teaching based on peer feedback.

Military Spouse & Part-time College Student February 2001 – December 2022

Various location in Illinois, Georgia, Florida, Germany and Japan

Dedicated to raising kids, maintaining a nurturing home environment, and completing the educational requirements necessary for starting my professional career as an educator. Provided stability, guidance and overarching leadership during spouse's 7 deployments and 3 overseas assignments that totaled nearly 7 years of aggregated absence during his military career.

- Earned undergraduate and graduate degrees despite familial requirements and four military moves to different locations across the Unites States as well as overseas. Earned Bachelor of Science and Master of Arts degree allowing for the start of my own career upon my spouse's retirement from service.
- Provided supportive environment for two kids during their K-12 education journeys that spanned 7 different schools located in three different U.S. states as well as Japan. Worked closely with teachers to design at-home lessons to supplement their learning to mitigate missed educational opportunities during transitions between schools and/or military assignments—both kids graduated from high school, on time, with honors.

Senior Airman, United States Air Force January 1997 – January 2001

Military Community Hospital, Yokota Air Base, Japan

- Served as an Emergency Medical Technician (EMT) in the Emergency Room; triaged and treated 11,000 patients needing treatment for complex, diverse medical needs ranging from basic wound care to life-saving emergency treatment.
- Lead EMT for 3,100 ambulance transports; guaranteed emergency response in under 6 minutes of 911 call initiation. Provided and oversaw complex life-saving treatments in the field and enroute to hospital—99% patient survival rate.
- Earned three military promotions in four years by providing first-class patient care in high stress environments, displaying unrivaled Airmanship, leadership and integrity—earned honorable discharge upon completion of 4-year enlistment.
